

What is Hybrid Certification?

Supporting teaching and learning by combining

Technology, Pedagogy, and Peer Support.

1. TCU Online Skills

Complete either Option A **OR** B to fulfill this requirement:

Option A:

- Attend BOTH workshops
- Building Your Course
 - Managing Your Course

Register for these workshops on the Events page at cte.tcu.edu.

Option B:

Complete the TCU Online: Skills Demonstration Project

Instructions can be found in the Ramping Up Rapidly course in TCU Online

2. Hybrid Design & Delivery Course

Complete the 4 activities:

- Quiz: Distance Education Regulations
- Assignment: Three-Component Syllabus Abstract
- Assignment: One Student-to-Student Activity and Rubric
- Assignment: Instructor Engagement Plan

The Hybrid Design & Delivery Course can be found in TCU Online with assignment instruction and submission folders

3. Consultation

After completing the 4 activities in the Hybrid course, you will meet with your eTrainer for a consultation. Your eTrainer will assist with designing high-quality, engaging courses that reflect disciplinary practices and insight.

This is your time to ask questions, get ideas, and support from a peer.
